

A Message from Our Billing Department

We are sending out notification to all our pediatric patients who have a Delta Dental insurance policy through Tufts Health Plan. Tufts had sent out a notice early December 2017 advising of a change to their dental coverage.

As of 01/01/2018, this insurance plan has changed to a **PPO ONLY** plan that offers no **out of network** benefits.

PDA Dental Group is not a PPO provider therefore no benefits will be paid to our office. If your child has an appointment scheduled, it will be an out of pocket expense if he/she is not covered by another dental insurance plan. Please contact your insurance company and/or your Human Resource/Benefits Department directly with any questions regarding your coverage.

Please contact our billing office with any other questions – 781-729-1900 extension 6.

Pediatric Dentistry

Dr. Gary Warrington, DMD
Dr. Geraldine Garcia-Rogers, DMD, MS
